

Dear Resident,

Update on the Grey Mare Lane Estate Proposals

We held a series of events last summer to find out what kind of improvements would matter most to you.

We want to update you on the progress being made to improve and invest in the Grey Mare Lane Estate and to tell you how you can speak to us to give us your views.

Our strongest commitment is to the local community and residents. We've taken the lead as the main social housing landlord in the area, to develop ideas including proposals to upgrade existing homes and build much needed new ones.

Our main focus right now is preparing for a series of consultation events and discussions with residents. We are also appointing architects. However, before we can be clear about any plans, we need to understand where we can build, and we're working on this now.

You may have noticed that there has been some activity around the Manchester Bar One site, as well as the former petrol station. One Manchester has recently acquired this land.

We understand that you may have questions about Grey Mare Lane, and we'd be happy to speak to you. Although it's still too early for any kind of detailed plans, we're looking at options for the future of the estate and are very keen to work with residents to shape the future of Grey Mare Lane. We are planning events from the Autumn and there will be Summer updates for residents.

In the meantime, you can call our contact centre on 0330 355 1000, or visit our weekly surgery at the Grange, which is held every Thursday, from 1pm to 3:30pm. No appointments are necessary.

You can also email our Place Delivery Manager, Paul Doherty, on paul.doherty@onemanchester.co.uk.

We will also keep our website www.onemanchester.co.uk up to date, so please do continue to visit the site for latest information.

Kind regards

Paul Doherty
